

## Filling Your Student's Medical Prescriptions

At some point during the year, the Academy Student Health Center may need to secure a medical prescription for your student. Our pharmacy of choice is Walgreens, located just down the road from the Academy. Parents or guardians are urged to set up an "Express Pay" account at Walgreens Pharmacy; with this account, Walgreens will have your student's insurance information on file to determine the correct charge and will automatically bill your credit card for those charges whenever a prescription is filled.

We are asking parents/guardians of all boarding students to set up a Walgreens account for your student(s). The Academy Student Health Center will be able to request prescriptions through your account in these situations:

- 1) Your student gets sick and is seen by our school doctor. If the doctor orders a prescription, we will be able to get it filled at Walgreens without delay.
- 2) If your student is on routine medication, Walgreens can easily supply us with needed refills on request as needed.

The Walgreens we use is located at 1700 Old Ranch Road 12. It is on the corner of Old Ranch Road 12 and Craddock Avenue. Please go online to [www.walgreens.com](http://www.walgreens.com) to set up a walgreens express pay account in the RX Settings.

Please do this at your earliest convenience. This is requested for all boarding students. If a prescription is needed and an express pay has not been set up, your student will have to pay the co-pay for the prescription on their debit card. You may contact the Student Health Center staff at 512-753-8030 if you have any questions.

Thank you,

SMA Student Health Center
