A guide for students entering Kindergarten

Reading proficiency, fluency, and comprehension are essential to meeting the goals and expectations of the English and Literature classes. We want to encourage our students to be lifelong readers and learners.

The following list is a suggested list of books to be read by the parent/guardian to the student. The student should follow along and be able to retell the story in their own words.

It is suggested that you read as many of these books as is possible for your family.
