

Don't Leave Your Senior Out!!

Each year, the Academy honors our seniors at the end-of-year Awards Program in May with a Video Montage. This presentation is one of the highlights of graduation week. For each student, we show a baby photo, a pre-school or elementary-age photo, and finally the senior portrait—a visual representation of how that student has grown and matured into a young man or woman.

To make this montage effective, we need photos for each and every senior! Please send us (1) a baby/toddler photo and (2) a pre-school or elementary-age photo of your son or daughter at your earliest convenience and no later than April 11. Our school photographer will provide us with the senior portraits, so all we need from you are the two “childhood” photographs. You may email a digital image (preferred method) or mail the originals for us to scan—just put your name and address on the back of each photo you mail so we can return them to you.

Email images to Shelley Henry at henrys@smabears.org
